

## My favourite animal

My favourite animal is a cat.

I like cats because they are cute, fluffy and funny.

My cat's name is Evy. She has got short gray hair, brown eyes and a white spot on her chest. She is beautiful, kind and lazy. Sometimes I play funny games with Evy.

My cat Mini has got green eyes, a long tail and small ears. She likes bacon and fish like Tosha, a cat from the book "The adventures of a cat Tosha"

My dog's name is Rodi. He is two years old. He's got a long tail, short hair, and smart eyes. He is very clever, brave and always protects me. Rodi loves to eat meat and bones. I like to walk and run with Rodi in the park. He loves to swim and to catch the thrown ball. I bought a special surprise for Rody – a rubber bone. It is his favourite toy now.

I love dogs because they are cute and funny. I take my dog out for a walk.

I have a pet dog Chiko. He is black and white and he is very small. He loves to play with a tennis ball and with socks. He is very funny because he is scared of cats.

My favourite animal is a dog. I have got a dog, her name is Lea. She has got long ears and a very beautiful head. She's got a black body and white feet. She is a very happy dog and a great friend. I like her very much.

My favourite animal is a lion. I love a lion because it is the king of the jungle and my zodiac sign is Leo (Lion).

It's big, fast and a very good hunter. It lives in savanna and likes to sleep.

My favourite animal is a penguin.

I like penguins because they are so funny. They are birds, but they can't fly. They can swim and catch fish. Penguins have a black and white coat and short legs. They like to play with other penguins. They live in Antarctica which is full of snow. I like to watch them in the Belgrade Zoo.

A giraffe is one of my favourite animals.

It is different from all other animals because it is the tallest animal in the world. Its neck is very long. I saw a giraffe, but I wish to visit Africa and see it in the wild.

My favourite animal is a parrot. It is cute and loud. It sleeps standing on one leg. It's got a red head, white cheeks, a white beak, a green tail and black, blue and yellow feathers. I have two parrots as pets and I really love them.

My favourite animal is a horse. Horses are beautiful and smart. I like them very much because I literary grew up with horses. My dad has got stables with horses. I go there and ride a horse every weekend.

My favourite animal is a rabbit. It is small, nice and cute. It has big ears and very soft fur. Rabbits are fast. They eat carrots and cabbage. Lots of people have rabbits as pats.

My favourite animal is a wolf.  
I like it because it looks strange and dangerous.

Wolves live in the forest and they live all together. They always hunt together, but there is always one wolf which guards pups and there is the leader wolf.

My favourite animal is a snake. Snakes have beautiful coloured skin, but I am sad because some people use it to make bags.
